

# Cal OES Daily Situation Report

## May 5, 2022

The headlands of the Point Reyes NPS Peninsula offer one of the finest spots to view the gray whale along the California coast. Late April and early May afford visitors the best opportunity to see mothers and calves close to shore.

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# COVID-19 SUMMARY

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 05/04/22 at 1630 hours:**

- 8,631,663 total confirmed cases.
  - +43,871 Delta
- 89,694 total deaths.
  - +303 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# Weather Key Points

Regional Operations Center

Western Region

Thursday, May 5

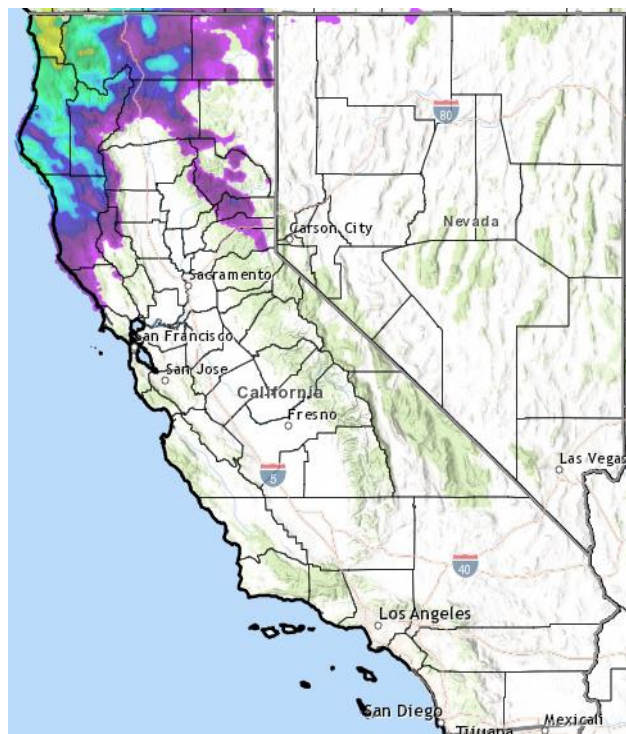

- Periods of rain and mountain snow are possible across northern California through early next week
  - Snow levels will be gradually lowering into the weekend, ending up around 2,500 feet for far northern California by Sunday with accumulations up to 6 inches across the northern coastal mountains
  - Isolated thunderstorms with locally heavier precipitation are possible Sunday and Monday
  - Some minor travel impacts could develop by the weekend over the far northern mountain passes
  - Otherwise, dry conditions are expected across central and southern California
- Elsewhere, quite warm temperatures will be seen through Saturday over the interior, with readings in the 90s across the Central Valley and warming into the lower triple digits for the southern deserts
  - Minor to locally moderate heat risk impacts are expected most afternoons
  - Much cooler temperatures will return Sunday and into early next week for the majority of the state
- Strong and gusty southwest winds of 35 to locally 50 mph will develop along and east of the Sierra on Thursday, with even stronger winds forecast for those same areas Friday, when gusts of 40 to locally 55+ mph are forecast. Additional gusty conditions are also expected on Saturday and Sunday.
  - Stronger winds will also periodically develop over the northern Mojave Desert and southern California mountains Thursday through Monday
  - Areas of blowing dust could develop over inland desert locations

# Precipitation Forecast

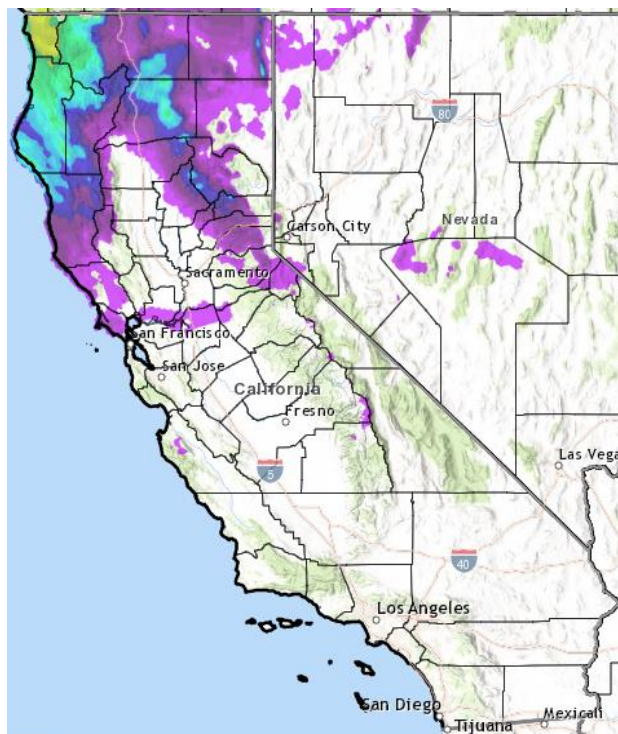

Regional Operations Center

Western Region

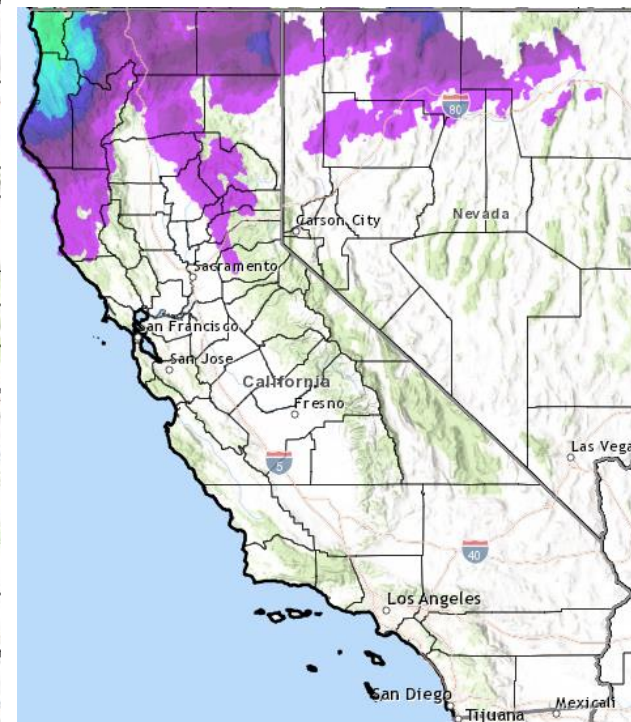

Thursday, May 5

Thursday

Friday

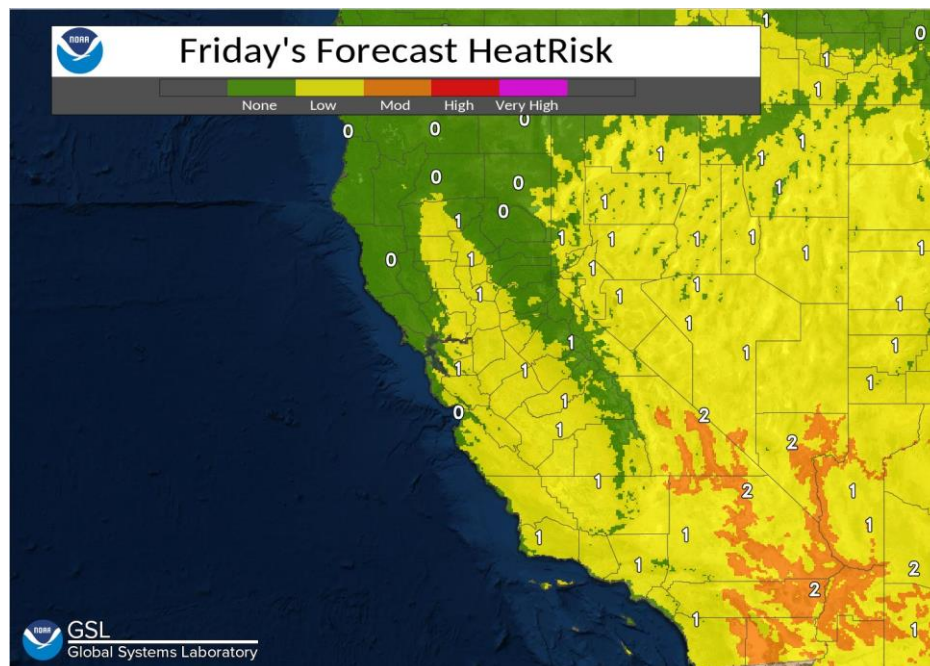

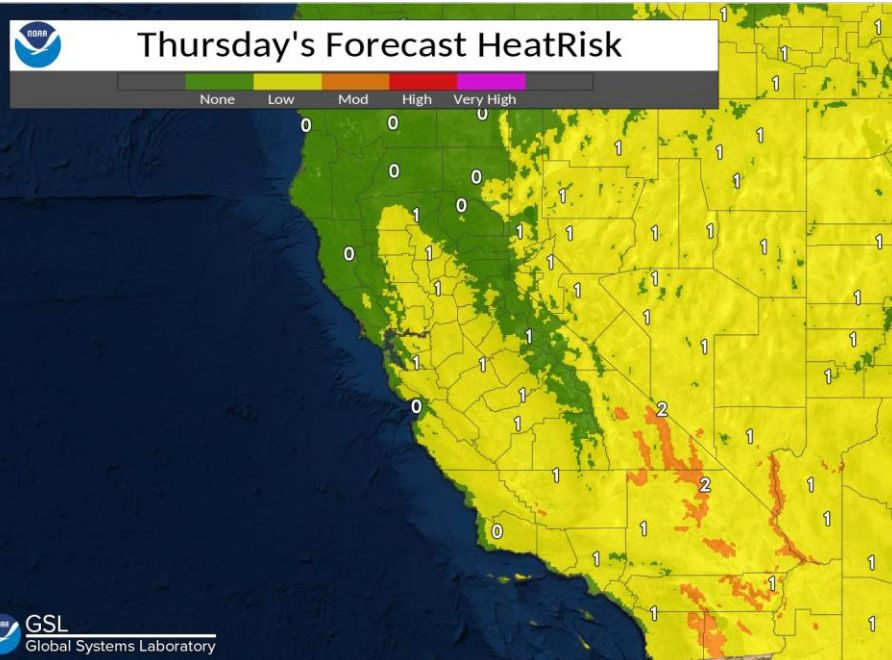

Saturday

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

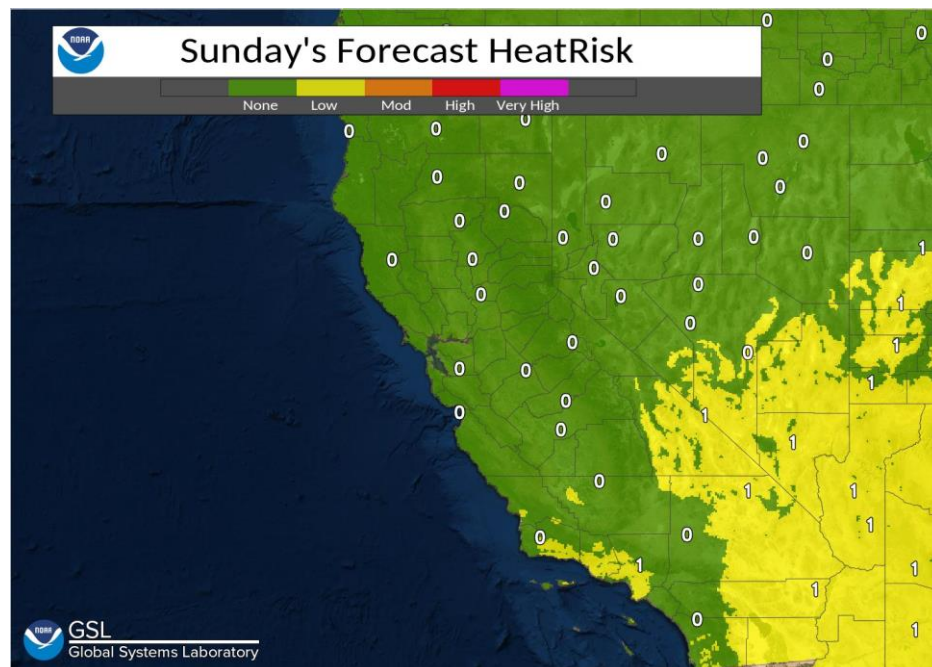

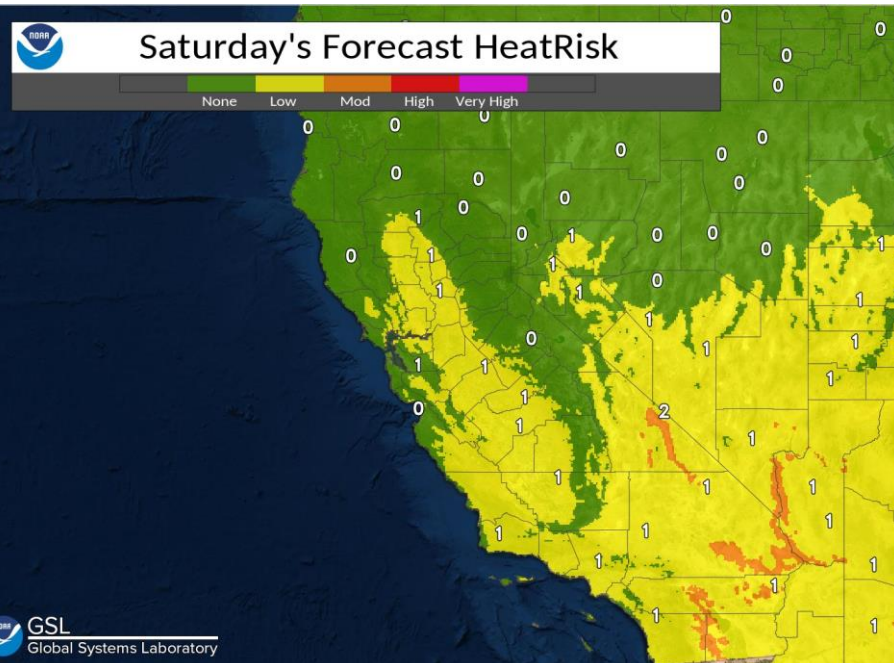

Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Thursday, May 5

## 6-10 Day Outlook (May 10 - May 14)

### **Temperatures**

- Below normal temperatures favored statewide.

### **Precipitation**

- Near normal precipitation is favored for Southern and Coastal Regions, while above normal precipitation is slightly favored for Inland Region

## 8-14 Day Outlook (May 12 – May 18)

### **Temperatures**

- Below normal temperatures are favored statewide

### **Precipitation**

- Below normal precipitation is favored for much of the state, with near normal precipitation favored for far southern California

## Impact Level Definition

1. **Impactful weather is not expected.**
2. **Potential threat to lives and property if no/incorrect actions are taken.**
  - a. Localized impacts on commerce possible.
  - b. Includes events that occur frequently.
3. **Potential threat to lives and property if no/incorrect actions are taken.**
  - a. Impacts on commerce possible.
  - b. Includes events that occur a few times per year.
4. **Actions likely needed to save lives and/or property.**
  - a. Significant impacts to commerce possible.
  - b. Includes events that occur infrequently.
5. **Actions required to save lives and/or property.**
  - a. Significant and extended impacts to commerce.
  - b. Includes exceptionally rare events.

# Cal OES LAW ENFORCEMENT MISSIONS
